

A close-up, black and white photograph of the interior of a vehicle, specifically the area around the driver's side door and the dashboard. The image shows the door panel, the dashboard, and the steering wheel, all with a sleek, modern design. The lighting is dramatic, highlighting the contours of the interior components.

RAM PROMASTER CITY PARTITION

Protects passengers from shifting cargo

SAFETY PARTITION BENEFITS

High safety standards

- Safety partition protects passengers from shifting equipment and load
- Safe and dry storage of equipment and load in the cargo area, allowing overnight storage
- High strength plastic as base material

More functionality

- Safety partition reduces noises from the cargo area significantly
- Keep the front cabin clean by placing dirty cargo in the cargo area
- Create a place of rest, comfort and safety

Integrated design

- Designed to seamlessly integrate in the design of the RAM ProMaster City
